

It's raining, it's pouring, Halloween is over and we're heading into the holiday season. The clocks go back tonight at 2 am so you will have an extra hour of sleep tomorrow morning (rejoice!). All are welcome to attend the next Blueridge Community Association **meeting** on Tuesday November 22 at 7:00 pm in the library of Blueridge Elementary School where Biologist David Cook will speak about wild animals living on the North Shore. Does your furnace need servicing? We're trying to put together a neighbourhood discount where one company comes out to service the whole neighbourhood. If you're interested, **drop** us a line asap. Find out more about the **CMHC** "no trespassing" sign debacle. The signs went up, but now they are gone - go figure?
